How We Collect and Use Information

We collect the following types of information about you:

Information you provide us directly:

We ask for certain information such as your username, real name, address, phone number and e-mail address when you register for a Newsletter or Subscribe, or if you correspond with us. We may also retain any messages you send through the website, and may collect information you provide in User Content you post to the website. We use this information to operate, maintain, and provide to you the features and functionality of the IICJ/SJ Database. Your username and if you choose to disclose it, your real name, will be published publicly. Once published your username and / or real name may not be able to be removed.

Information we may receive from third parties:

We may receive information about you from third parties. For example, if you access our websites or the IICJ/SJ Database through a third-party connection or log-in, for example, through Facebook Connect, by “following,” “liking,” adding the IICJ/SJ application, linking your account to the IICJ/SJ, etc., that third party may pass certain information about your use of its IICJ/SJ Database to IICJ/SJ. This information could include, but is not limited to, the user ID associated with your account (for example, your Facebook UID), an access token necessary to access that IICJ/SJ Database, any information that you have permitted the third party to share with us, and any information you have made public in connection with that IICJ/SJ Database. If you allow us access to your friends list, your friends’ user IDs, and your connection to those friends, may be used and stored to make your experience more social, and to allow you to invite your friends to use our IICJ/SJ Database as well as provide you with updates if and when your friends join IICJ/SJ. You should always review, and if necessary, adjust your privacy settings on third-party websites and IICJ/SJ Databases before linking or connecting them to the IICJ/SJ. You may also unlink your third party account from the IICJ/SJ Database by adjusting your settings on the third party IICJ/SJ Database.

Inviting a friend to use IICJ/SJ:

IICJ/SJ may, in its sole discretion, develop a feature that allows you to invite third parties to the IICJ/SJ Database. If you choose to use our invitation IICJ/SJ Database to invite a third party to the IICJ/SJ Database through our “Invite friends” feature, you may directly choose a friend to invite through your mobile device’s native contact list – but we do not require that you import your contacts list to the IICJ/SJ Database, and we do not retain the information contained in your contacts list. You understand that by inviting a friend to IICJ/SJ through the “Invite friends” feature, you are directly sending a text or email from your personal accounts and that we are not storing your contact list. In addition, you understand and agree that normal carrier charges apply to communications sent from your phone. Since this invitation is coming directly from your email or phone, we do not have access to or control this communication.

Finding your friends on the IICJ/SJ Database:

IICJ/SJ may, in its sole discretion, develop a feature that allows you to locate your friends with IICJ/SJ accounts through a “Find friends” feature. The “Find friends” feature allows you to choose to locate friends either through (i) your contact list, (ii) social media sites (such as Twitter or Facebook) or (iii) through a search of names and usernames on IICJ/SJ. If you choose to find your friends through your contact list, then you agree to provide IICJ/SJ access to your contact list such that we can perform the search necessary to determine whether or not someone associated with the information you provide is using IICJ/SJ. If you choose to find your friends through social media sites, then you understand that the information these sites provide to use to conduct this type of search is governed by their privacy policies and your account settings on those sites. If you choose to find your friends through a search of names or usernames, then simply type a name to search and see if that name or username appears on our IICJ/SJ Database. Note that we do not retain any information contained in your contacts list, or information from social media sites about your contacts, and we do not use such information for any purpose other than to help you find your friends on IICJ/SJ.

Analytics information:

We may directly collect analytics data, or use third-party analytics tools and IICJ/SJ Databases, to help us measure traffic and usage trends for the IICJ/SJ Database. These tools collect information sent by your

browser or mobile device, including the pages you visit and other information that assists us in improving the IICJ/SJ Database. We collect and use this analytics information in aggregate form such that it cannot reasonably be manipulated to identify any particular individual user.

A cookie may also convey information to us about how you use the IICJ/SJ Database (e.g., the pages you view, the links you click and other actions you take on the IICJ/SJ Database), and allow us or our business partners to track your usage of the IICJ/SJ Database over time. A persistent cookie remains on your hard drive after you close your browser. Persistent cookies may be used by your browser on subsequent visits to the site. Persistent cookies can be removed by following your web browser's directions. A session cookie is temporary and disappears after you close your browser. You can reset your web browser to refuse all cookies or to indicate when a cookie is being sent. However, some features of the IICJ/SJ Database may not function properly if the ability to accept cookies is disabled. Full details can be found on our Cookie Policy.

Log file information:

Log file information is automatically reported by your browser or mobile device each time you access the IICJ/SJ Database. When you use our IICJ/SJ Database, our servers automatically record certain log file information. These server logs may include anonymous information such as your web request, Internet Protocol ("IP") address, browser type, referring / exit pages and URLs, number of clicks and how you interact with links on the IICJ/SJ Database, domain names, landing pages, pages viewed, and other such information.

Clear gifs/web beacons information:

When you use the IICJ/SJ Database, we may employ clear gifs (also known as web beacons) which are used to anonymously track the online usage patterns of our Users. In addition, we may also use clear gifs in HTML-based emails sent to our users to track which emails are opened and which links are clicked by recipients. The information is allows for more accurate reporting and improvement of the IICJ/SJ Database.

Device identifiers:

When you access the IICJ/SJ Database by or through a mobile device (including but not limited to smart-phones or tablets), we may access, collect, monitor and/or remotely store one or more "device identifiers," such as a universally unique identifier ("UUID"). Device identifiers are small data files or similar data structures stored on or associated with your mobile device, which uniquely identify your mobile device. A device identifier may be data stored in connection with the device hardware, data stored in connection with the device's operating system or other software, or data sent to the device by IICJ/SJ. A device identifier may convey information to us about how you browse and use the IICJ/SJ Database. A device identifier may remain persistently on your device, to help you log in faster and enhance your navigation through the IICJ/SJ Database. Some features of the IICJ/SJ Database may not function properly if use or availability of device identifiers is impaired or disabled.

Location data:

When you access the IICJ/SJ Database by or through a mobile device, we may access, collect, monitor and/or remotely store "location data," which may include GPS coordinates (e.g. latitude and/or longitude) or similar information regarding the location of your mobile device. Location data may convey to us information about how you browse and use the IICJ/SJ Database. Some features of the IICJ/SJ Database, particularly location-based IICJ/SJ Databases, may not function properly if use or availability of location data is impaired or disabled.

Commercial and marketing communications:

We use the information we collect or receive, such as your email address, to communicate directly with you. We may send you emails containing newsletters, promotions, and special offers. If you do not want to receive such email messages, you will be given the option to opt out or change your preferences. We also use your information to send you IICJ/SJ Database-related emails (e.g., account verification, purchase and billing confirmations and reminders, changes/updates to features of the IICJ/SJ Database, technical and security notices). You may not opt out of IICJ/SJ Database-related emails. You may also be able to be "found" on IICJ/SJ based on information that you provide (see "Find friends on IICJ/SJ") above.

Use of certain IICJ/SJ Database type information we collect about you:

We use or may use cookies, log file, device identifiers, location data and clear gifs information to: (a) remember information so that you will not have to re-enter it during your visit or the next time you visit the site; (b) provide custom, personalized content and information; (c) to provide and monitor the effectiveness of our IICJ/SJ Database; (d) monitor aggregate metrics such as total number of visitors, traffic, and demographic patterns; (e) diagnose or fix technology problems; (f) help you efficiently access your information after you sign in; (g) to provide advertising to your browser or device, and (h) automatically update the IICJ/SJ application on your mobile devices.

We will not rent or sell your information into third parties outside IICJ/SJ and its group companies (including any parent, subsidiaries and affiliates) without your consent, except as noted below:

1. Who we may share your information with: We may share your information with third-party business partners and Trusted Users for the purpose of providing the IICJ/SJ Database to you. Third party business partners will be given limited access to your information as is reasonably necessary to deliver the IICJ/SJ Database, and we will require that such third parties comply with this Privacy Policy, or operate under a similar privacy policy.
2. Who can see User Content: Any User Content that you voluntarily disclose for posting to the IICJ/SJ Database becomes available to the public and cannot be removed, except by IICJ/SJ in its sole discretion. Once posted on IICJ/SJ, User Content may not be removable from public view, as copies may remain viewable in cached and archived pages of the IICJ/SJ Database, on other sites that have republished us, or if other Users have copied or saved that information. If you do not wish your User Content to be available to the public, please don't post it on IICJ/SJ. Your username and if you choose to disclose it, your real name, will be published publicly. Once published your username and / or real name may not be able to be removed.
3. Who can see your IP address: If you post User Content on the IICJ/SJ Database while not logged in, your IP address will be published with your User Content in order to attribute your contribution to the IICJ/SJ Database. A selection of Trusted Users with administrative powers on IICJ/SJ have the ability to review IP addresses of users to reduce abusive behavior. Any third party IICJ/SJ Database embedded on IICJ/SJ such as an advertiser, video provider, social network or other third party will also have access to your IP address.
4. Who can see your email address: If you enter an email address, you will enable communication from IICJ/SJ and other Users. If you reply to users or participate in group IICJ/SJ activities such as meetups, your email address will be shared with these users. In addition, some email addresses such as blocked@IICJ/SJ.com forward to a group of Trusted Users, who will use your email address to reply to the email.

What happens in the event of a change of control:

We may buy or sell/divest/transfer the company (including any shares in the company), or any combination of its products, IICJ/SJ Databases, assets and/or businesses. Your information such as customer names and email addresses, User Content and other user information related to the IICJ/SJ Database may be among the items sold or otherwise transferred in these types of transactions. We may also sell, assign or otherwise transfer such information in the course of corporate divestitures, mergers, acquisitions, bankruptcies, dissolutions, reorganizations, liquidations, similar transactions or proceedings involving all or a portion of the company.

Instances where we are required to share your information:

IICJ/SJ will disclose your information where required to do so by law or subpoena or if we reasonably believe that such action is necessary to (a) comply with the law and the reasonable requests of law enforcement; (b) to enforce our Terms of Use or to protect the security, quality or integrity of our IICJ/SJ Database; and/or (c) to exercise or protect the rights, property, or personal safety of IICJ/SJ, our Users, or others.

Sharing certain IICJ/SJ Database type information we collect about you:

We may share certain IICJ/SJ Database type information, including information obtained through tools such as cookies, log files, device identifiers, location data and clear gifs (such as anonymous usage data, referring/exit pages and URLs, platform types, number of clicks, etc.): (i) with our third-party business partners for the purposes described in the section above on "How We Collect and Use Information." We may also aggregate or otherwise strip data of all personally identifying characteristics and may share that aggregated, anonymized data with third parties.

Ads on IICJ/SJ:

We may also share certain information such as your location, browser, and cookie data and other data relating to your use of our IICJ/SJ Database with our business partners to deliver advertisements ("ads") that may be of interest to you. IICJ/SJ may allow third-party ad servers or ad networks to serve advertisements on the IICJ/SJ Database. These third-party ad servers or ad networks use technology to send, directly to your browser or mobile device, the ads and ad links that appear on the IICJ/SJ Database, and will automatically receive your IP address when they do so. They may also use other technologies (such as cookies, JavaScript, device identifiers, location data, and clear gifs, see above) to compile information about your browser's or device's visits and usage patterns on the IICJ/SJ Database and on other websites, and to measure the effectiveness of their ads and to personalize the advertising content delivered to you.

For example, Google uses DART cookies in order to deliver ads to you through the IICJ/SJ Database. Google's use of the DART cookie enables it and its partners to serve ads to you based on your visit to the IICJ/SJ Database and previous websites that you may have visited. Other advertising networks also use

similar cookies, clear gifs, or other mechanisms to deliver targeted advertising to you through the IICJ/SJ Database. You can delete these cookies by following the instructions here: <http://www.IICJ/SJ.com/Clear-Your-Browser%27s-Cookies> . You may opt out of use of Google's DART cookie and cookies placed by Network Advertising Initiative (NAI) certified ad networks

here: http://www.networkadvertising.org/managing/opt_out.asp . Opting out of these cookies will be effective not only on the IICJ/SJ Database, but on all websites with NAI certified advertising networks. However, these opt-outs will be ineffective on networks that are not NAI certified.

Please note that an advertiser may ask IICJ/SJ to show an ad to a certain audience of Users (e.g., based on demographics or other interests). In that situation, IICJ/SJ or our Partners determines the target audience and IICJ/SJ serves the advertising to that audience and only provides anonymous data to the advertiser. If you respond to such an ad, the advertiser or ad server may conclude that you fit the description of the audience they are trying to reach.

To enhance your user experience or help us improve and measure our effectiveness, IICJ/SJ may embed code from third parties on the IICJ/SJ Database. Examples of such parties may include Facebook, Twitter, Pinterest, Google, YouTube, Howcast, VideoJug, AOL, and others. These third parties may collect information about you including IP address, cookies in ways IICJ/SJ does not control.

The IICJ/SJ Privacy Policy does not apply to, and we cannot control the activities of third-parties. Please consult the respective privacy policies of such third parties or contact such third parties for more information.

However, IICJ/SJ cannot ensure or warrant the security of any information you transmit to IICJ/SJ or guarantee that information on the IICJ/SJ Database may not be accessed, disclosed, altered, or destroyed. Your privacy settings may also be affected by changes to the functionality of third party sites and IICJ/SJ Databases that you add to the IICJ/SJ, such as social networks. IICJ/SJ is not responsible for the functionality or security measures of any third party.

Compromise of information:

In the event that any information under our control is compromised as a result of a breach of security, IICJ/SJ will take reasonable steps to investigate the situation and where appropriate, notify those individuals whose information may have been compromised and take other steps, in accordance with any applicable laws and regulations.

Your Choices about Your Information

You control your account information and settings: You may update your account information and email-communication preferences at any time by logging in to your account and changing your profile settings. Depending on your type of device, it may not be possible to delete or disable tracking mechanisms on your mobile device. Note that disabling cookies and/or other tracking tools prevents IICJ/SJ or its business partners from tracking your browser's activities in relation to

the IICJ/SJ Database, and for use in targeted advertising activities by third parties. However, doing so may disable many of the features available through the IICJ/SJ Database. If you have any questions about opting out of the collection of cookies and other tracking/recording tools, you can contact us directly at wiki@IICJ/SJ.com.

How long we keep your private profile information:

Following termination of your User account, IICJ/SJ may retain your private profile information for a commercially reasonable time for backup, archival, or audit purposes. For the avoidance of doubt, any information that you choose to make public on the IICJ/SJ Database may not be removable.

Children's Privacy

The IICJ/SJ Database and its content are not directed at children under the age of 13. In the event that we learn that we have collected personal information from a child under age 13 without verification of parental consent, we will delete that information as quickly as possible. If you believe that we might have any information from or about a child under 13, please contact us at info@iicj.net.

In addition, you agree that we are not responsible and we do not control over any third-parties that you authorize to access your User Content. If you are using a third-party website or IICJ/SJ Database (like Facebook, Google groups, or an IRC chatroom) and you allow such a third-party access to you User Content you do so at your own risk. This Privacy Policy does not apply to information we collect by other means (including offline) or from other sources other than through the IICJ/SJ Database.
